

Date	Name	Title
30.04.2024		
07.05.2024	Workshop in Chengdu – no colloquium	
14.05.2024		
21.05.2024	Pentecoste – no colloquium	
28.05.2024		
04.06.2024	Timo Gerbert Moritz Stenger	Did the Cl concentrations in soils and plants of a tropical montane forest in Ecuador change in the past two decades?
11.06.2024	Andre Velescu	Water fluxes and atmospheric deposition in the dry forest of Ecuador
18.06.2024	Tobias Fabian	Nutrient uptake depth of different plant functional types in a tropical dry forest in Ecuador.
25.06.2024	Nuria Basdediós	Heavy metal release along a 127-yr glacier retreat chronosequence
02.07.2024		
09.07.2024	Lilly Bersch	The chlorine cycle in Central European forests: Influence of deposition, forest use intensity and biodiversity
16.07.2024	Li Zhang	Pollution status and source identification of heavy metals in rice fields of a typical lead-zinc mining and smelting area in the Leishui basin of Xiangjiang, southern China.
23.07.2024	Nina Schwab	Adsorption of low-molecular weight polycyclic aromatic compounds to soil-zeolite mixtures.
